

Progress Report

Name: Lei Zhao
Course: Spectral Analysis Techniques
Progress: **100%** complete (as of 9 February 2026)

Chapters

1. Introduction **100%**
2. Discrete Fourier Transform **100%**
3. Periodogram **100%**
4. Improve the Frequency Resolution of Spectrum **100%**
5. Manage Spectral Leakage **100%**
6. Welch's Method **100%**
7. Parametric and Subspace Methods **100%**
8. Conclusion **100%**
